

Electoral Candidate Vow Bill

Aim of bill

This proposed bill aims to decrease the high number of electoral candidates stepping down from their position through the use of a vow that is to be said by both parties' presidential candidates and vice-presidential candidates.

Example vow

(To be rewritten if necessary)

I [CANDIDATE NAME]

Have confidence in my abilities of

Leadership.

Mental Fortitude and making the right choices at stressful and/or dangerous times.

Making tough decisions in the name of Bozolandia and her people.

I know I will not.

Be persuaded by greed or wealth.

Nor will I let my anger Impact my decisions as [FUTURE ROLE HERE].

To conclude

If passed, this bill hopes to get new candidates to think before they step up to avoid the current uncertainty in the electoral system caused by the constant changing of candidates.
